ANNUAL REPORTS

OF THE

School Board and Treasurer

FOR THE

Year Beginning July 1, 1929

Ending June 30, 1930

## SCHOOL WARRANT

*To the Inhabitants of the School District in the Town of  
Auburn, qualified to vote in District Affairs:*

You are hereby notified to meet at Massabesic Lake Inn in said district on the Fourteenth day of March, 1931, at 1:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligation of the district, as determined by the school board in its annual report.
9. To see if the District — in case of the enactment of House Bill No. 173 by the present legislature — will authorize the School Board, in anticipation of payment of school money, when collected by the Selectmen, to hire on the note of the District a sum not exceeding the District's appropriation in March, 1931.

10. To transact any other business that may legally come before said meeting.

Given under our hands at said Auburn this eighteenth day of February, 1931.

## REPORT OF SUPERINTENDENT OF SCHOOLS

*To the School Board of Auburn:*

My second annual report deals with organization and instruction, buildings and equipment, health supervision, graduates and the cost of higher education.

At the close of the school year in June there was only one change in the staff of teachers. Mrs. Ella A. Allen, a teacher of long and successful experience, requested release from her position in the Severance Grammar School. Miss Helen M. Quinn, a 1928 graduate of Keene Normal School, was elected to teach the Severance School. Miss Quinn came to us with two years of successful experience in the East Grammar School of Andover, N. H.

We are fortunate in the retention of an experienced staff of teachers, more than half of whom hold permanent state certificates in New Hampshire.

There has been added in all schools, having the seventh and eighth grades, a complete course in junior high school literature. This provides a wider variety of silent reading and testing, and encourages in these upper grades continued oral reading for expression.

In the same grades there is being built up a junior science course related particularly to the home and farm environment. This study of science is correlated largely with the work in geography. In the latter subject some very valuable research work has been done by individual pupils.

During the summer improvement of building or equipment was made in each of the four one-room schools.

At the Village the windows were rearranged to provide standard lighting and more suitable location of blackboards. By reversing the seating, entrance was secured at the rear of the schoolroom. This interior was also made particularly attractive by the much needed repainting of walls and ceiling, revarnishing of furniture, and reoiling of floors.

The box stoves in both the Village and No. 7 Schools

have been equipped with sheet iron jackets which provide a continuous supply of fresh air, warmed and distributed to all parts of the room. A foul-air exit is placed near the base of the chimney. By this means the circulation of warmed air is drawn to the floor. At the No. 7 building they are now able to heat both the schoolroom and a large coatroom at the rear. At the Village building, during certain weather conditions, difficulty has attended the foul-air return through the chimney. It is possible that this difficulty may be removed by repairing the top of the chimney which has been recently found to be in need of attention. This will be retopped as soon as weather conditions will permit.

At the Bunker Hill School the dilapidated double desks and double seats have been entirely replaced with unit movable desk sets. These are built almost entirely of metal, and combine lift-top desks and individual chairs.

Individual chairs and desks have been installed at the No. 2 School. Among these are a few of the new unit movable desk sets.

For economy, convenience, and health the box stoves in the Bunker Hill and No. 2 Schools should be equipped with jackets and ventilation flues similar to the equipment in use at the No. 7 School.

I am pleased to include here the report of your School Nurse for the year ending June 30, 1930.

Number of pupils examined—126.

Number found vaccinated for Small Pox—123.

Unvaccinated—3.

Number of pupils excluded on account of communicable diseases—27.

### *Report of Special Work*

- 42 pupils treated at dental clinic conducted by Dr. G. Arthur Danforth, May 9, 1930, at Auburn Grange Hall.
  - 17 pupils examined by Doctors Togus and Rogers at clinic in Manchester.
  - 1 pupil examined at goiter clinic by Dr. Parker.
  - 2 pupils receiving treatment at orthopedic clinic in Manchester by Dr. Jones.
  - 4 pupils examined by Dr. Kerr at clinic in Manchester.
- Health program given by school children on May 1, 1930, assisted by Miss Elizabeth Murphy, State Supervisor of Health.

MARGARET E. CRONIN, R. N.  
*School Nurse.*

Miss Cronin is this year conducting the health work in seven towns. Her activities in Auburn alone for the first three months of this school year include 35 school visits, 28 visits to pupils' homes, 5 children accompanied to ocu-

list, hospital, or clinic, one surgical and one ocular treatment secured.

Of particular value to the health and school efficiency of the Auburn children was the dental clinic, conducted last May by Dr. G. Arthur Danforth and financed by several local organizations cooperating with the schools in their health night program.

In June 1930 the following class of thirteen pupils was graduated from the eighth grade: Marion Brown, Claire Champagne, Joseph Charest, Bella Croteau, Donald Decotis, Doris Delaware, Virginia Delaware, Lloyd Emery, Adelard Gilibert, Fidelia Lamy, Mabel Moy, Luther Preston, Irene Valley.

Seven members of the above class entered high school this year. Auburn has a total of sixteen pupils in the Manchester Central High School, and six pupils attending Pinkerton Academy in Derry. This makes 15 per cent of all Auburn school children receiving higher education at a cost to the district of only 17 per cent of the total outlay for schools.

In conclusion acknowledgement should be made for the valuable cooperation rendered to teachers, school nurse, and superintendent by your Board, by the several organizations contributing to health and playground activities, by interested parents and other public spirited citizens. We invite personal inspection of the schools, and are always glad to consider constructive criticism.

Respectfully submitted,

GEORGE H. HARMON,

*Superintendent.*
